

ZANEFPI

EVERYTHING WILL FLY

BRAND BOOK

BRAND ESSENCE

VISION

We redefine how businesses interact with technology, crafting digital solutions that break boundaries - where everything, indeed, will fly

MISSION

We build, develop, and deliver high - quality digital solutions that empower our clients to achieve growth through innovation, reliability, and visionary thinking.

VALUES

TECHNICAL EXCELLENCE

We maintain the highest standards in development and innovation

THOUGHTFUL PARTNERSHIP

We align our efforts with client objectives for genuine impact

CREATIVE INTELLIGENCE

We approach challenges with intellectual rigor and imaginative thinking

CALM CONFIDENCE

We navigate complexity with composure and clarity

CALM CONFIDENCE

We navigate complexity with composure and clarity

BRAND POSITIONING

NARRATIVE

Zaneffi merges technical precision with visionary thinking. We don't just develop software—we build products with a holistic view of strategy, user experience, and long-term impact. Our clients trust us for both technical expertise and our ability to align technology with their business goals, delivering solutions with lasting confidence.

AUDIENCE

We work with forward-thinking executives, CTOs, and decision-makers who see digital transformation as a strategic imperative. They seek a partner who not only executes flawlessly but also shapes products that drive real impact.

BRAND POSITIONING

POSITIONING STATEMENT

Zaneffi is the strategic technology partner that builds future-ready product, not just software. By combining technical excellence, AI integration, and deep business insight, we help businesses navigate change with confidence, turning complexity into opportunity.

EVERYTHING WILL FLY

This statement encapsulates our core promise: we build solutions that transcend limitations. It reflects our ability to elevate our clients' ambitions through technical excellence and visionary thinking.

The tagline carries multiple meanings:

- The solutions we create perform beyond expectations.
- Our collaborative approach lifts clients to new heights.
- Even the most challenging problems become achievable.
- Innovation happens when constraints are transcended.
- The seemingly impossible becomes possible.

This phrase should be used selectively to preserve its impact and significance.

VISUAL IDENTITY - LOGO

The logo, a whale with wings, embodies our ethos of making the seemingly impossible not just possible, but elegantly achievable.

The whale represents depth, intelligence, and strength, while the wings symbolize elevation, freedom, and transcendence. Together, they create a powerful metaphor for our approach: grounded expertise that enables remarkable outcomes.

VISUAL IDENTITY - COLOR PALETTE

COLOR PRINCIPLES

- Maintain a predominantly white (80%) background for digital and print materials.
- Use colour with intention, not just for decoration.
- Leverage pastels to set the atmosphere, while vermilion draws focus.

TYPOGRAPHY

PRIMARY TYPEFACES

GEOLOGICA

Used for our logo and headings, conveying precision with character.

OUTFIT

Our primary text face, offering excellent readability with subtle sophistication.

LAYOUT TYPOGRAPHY

- Use 6% letter spacing for body and 15% for titles
- Keep the proportion of 32 line height for 16 px text.
- Use upper case for titles.

TYPOGRAPHY

TYPOGRAPHY PRINCIPLES

- Maintain generous white space around text.
- Use weight (light, regular, semibold).
- Align text with our grid system for visual harmony.
- Prefer shorter paragraphs and concise expression.
- Maintain consistency between pages (same size for similar hierarchical text)
- The accent colours should not be used for text

TYPOGRAPHY

TYPOGRAPHY PRINCIPLES

- Maintain generous white space around text.
- Use weight (light, regular, semibold).
- Align text with our grid system for visual harmony.
- Prefer shorter paragraphs and concise expression.
- Maintain consistency between pages (same size for similar hierarchical text)
- The accent colours should not be used for text

IMAGERY

Our visual language embraces surrealist imagery with a photorealistic feel, conveying metaphorical concepts rather than literal depictions of technology. We avoid clichés like code on screens or people at keyboards, opting for visuals that elevate the narrative.

IMAGERY PRINCIPLES

- AI-generated surrealist imagery with futuristic influences.
- Photorealistic quality with conceptual/metaphorical depth.
- Preference for pastels palette.
- Bold red accents in some assets, contrasting with white.
- Balanced negative space as a key compositional element.
- Subtle incorporation of our whale motif where appropriate.

IMAGERY

IMAGERY

IMAGERY

As both a logo and metaphor, the flying whale symbolizes Zaneffi's vision. This serene giant, given unexpected wings, creates instant recognition while reinforcing our message: with Zaneffi, everything will fly.

LAYOUT & COMPOSITION

- Minimalist grid system with ample white space.
- Fine lines as structural graphic elements.
- Asymmetrical balance over rigid symmetry.
- A content hierarchy that guides without overwhelming.

ICONOGRAPHY

Zaneffi's icons are modern, minimal, and crafted with fine lines for a sleek, sophisticated look.

Consistent proportions and uniform line weights ensure visual harmony across all applications, maintaining clarity and elegance in every use.

VOICE & TONE

VOICE CHARACTERISTICS

- **SOPHISTICATED YET ACCESSIBLE:** Conveying complex ideas with clarity and elegance.
- **CONFIDENTLY CALM:** Composed, even when addressing challenges.
- **WARMLY AUTHORITATIVE:** Balancing expertise with approachability.
- **SUBTLY INSPIRATIONAL:** Motivating through insight, not hyperbole.
- **PRECISELY ARTICULATE:** Choosing words with intention and efficiency.

VOICE & TONE

TONE PRINCIPLES

- **CONVERSATIONAL INTELLIGENCE:** Speaking as thoughtful experts, not academic lecturers.
- **MEASURED ENTHUSIASM:** Expressing passion through depth rather than volume.
- **GENUINE PARTNERSHIP:** Addressing clients as equals in a shared journey.
- **SERENE CONFIDENCE:** Conveying expertise without arrogance.
- **ELEGANT SIMPLICITY:** Finding the clearest expression of complex ideas.

TONE EXAMPLES

EXAMPLE 1 - COMPANY INTRODUCTION

Typical Corporate Voice:

"With over 10 years of industry experience, our company leverages cutting-edge technologies to deliver scalable solutions that maximize ROI and drive business growth. Our team of experts utilizes best-in-class methodologies to ensure optimal results for our clients across diverse industry verticals."

Zaneffi Voice:

"For a decade, we've observed how technology transforms businesses—not just through implementation, but through thoughtful integration with human ambition. Our approach pairs technical precision with genuine curiosity about your goals, creating solutions that respond to today's challenges while opening pathways to tomorrow's opportunities."

tone examples

EXAMPLE 2 - SERVICE OFFERING

Typical Corporate Voice:

"Our AI implementation services help businesses harness the power of artificial intelligence to streamline operations, reduce costs, and enhance decision-making capabilities. We deliver end-to-end solutions from strategy formulation to deployment and ongoing support."

Zaneffi Voice:

"Artificial intelligence becomes truly intelligent when it aligns with human insight. We create AI systems that feel less like tools and more like extensions of your team's thinking, automating the routine while enhancing the meaningful work that requires human judgment. The result? Quieter operations with louder results."

TONE EXAMPLES

EXAMPLE 3 - CLIENT PARTNERSHIP

Typical Corporate Voice:

"We pride ourselves on building strong client relationships through transparent communication, agile methodologies, and consistent delivery of promised outcomes. Our client-centric approach ensures that we understand and meet your business requirements effectively."

Zaneffi Voice:

"The most elegant solutions emerge from genuine understanding. That's why we begin not with technology, but with conversation, creating space for your challenges to be fully expressed before exploring solutions. This foundation of mutual clarity transforms development from a series of transactions into a journey of collaborative discovery."

tone examples

EXAMPLE 4: TECHNOLOGY APPROACH

Typical Corporate Voice:

"Our technology stack incorporates the latest frameworks and tools to ensure robust, secure, and high-performance applications. We adhere to industry best practices and standards to deliver code that is maintainable, scalable, and future-proof."

Zaneffi Voice:

"We select technologies not for their novelty, but for their fit. The architecture we design balances immediate needs with long-term resilience, creating systems that adapt gracefully to both present demands and future evolution. This measured approach ensures that what we build today serves you faithfully through tomorrow's transformations."

WRITING GUIDELINES

- Favor clarity over complexity while maintaining intellectual depth.
- Use metaphor to illuminate technical concepts.
- Balance business acumen with technical expertise.
- Create rhythm through varied sentence structure.
- Avoid both corporate jargon and casual colloquialisms.
- Speak to both immediate needs and long-term vision.

APPLICATIONS

DIGITAL PRESENCE

- Website maintains predominantly white space (80%) with strategic imagery.
- User interfaces reflect a minimalist aesthetic with intuitive function.
- Digital communications follow a consistent typographic hierarchy.
- Social media visuals align with our surrealist imagery approach.

APPLICATIONS

PRINT MATERIALS

- Business collateral uses premium papers with subtle texture.
- Minimalist layouts emphasize strategic negative space.
- Typography remains consistent across digital and print.
- Imagery is reproduced at the highest possible quality.

APPLICATIONS

PRESENTATION MATERIALS

- Slide designs prioritize clarity and impact.
- Limited text per slide with ample breathing room.
- Imagery follows our established visual language.
- Transitions and animations remain subtle and purposeful.

BRAND EVOLUTION

The Zaneffi brand is a living system, not a static set of rules. While consistency builds recognition, we embrace thoughtful evolution—adapting to new contexts while staying true to our core identity.

Innovation within our brand expression should follow the same principles we apply to our technical solutions: purposeful, elevated, and aligned with our fundamental values.

CONCLUSION

This brand book is not a limitation—it is a foundation for meaningful expression. By understanding these core elements, we create communications that authentically reflect who we are and resonate with those we serve.

The Zaneffi brand represents our commitment to making everything fly—not just through technical expertise, but through a visionary approach to what technology can achieve when guided by insight and imagination.
